**Subject:** Land Use File 01sub-24 Habitat

My Wife and I are 77 years old and future homeowners at 16676 Tannehorst Dr. in Crescent Creek.

We have been let down by the La Pine planning commission and Palisch Homes. We were not notified by either of their year plus process of changing the most well kept and safe housing development in La Pine.

Brent Bybee acknowledged that our homes would depreciate by 10% and that it was not the City of LaPine's concern. This statement was made to approximately 8 of us after the Planning Commission meeting on 8/7/24.

My concerns are the following:

Traffic, Safety, Loss of value in my home, that we have yet to take occupancy of, Fire barriers and last but not least is the manner in which the Commission is approving for LaPine to grow into a low income housing community to benefit Bend workers.

The Planning Commissioner should be a resident of LaPine to experience his lack of concern and pride for " Small Town Strong"

It should be 'LaPine Low Income Housing Capital of Oregon'

Chuck Anderson
