Rachel Vickers – Associate Planner

PLEDGE OF ALLEGIANCE

ADDED AGENDA ITEMS

APPROVAL OF PRIOR MEETING MINUTES

1. 05.02.24 Planning Commission Meeting Minutes

Commissioner Hatfield moved to approve the minutes from the May 2nd, 2024, meeting. *Commissioner Baumann seconded the motion.* Motion passed unanimously.

PUBLIC HEARING

All public hearings will follow the following procedure:

- A. Open Public Hearing
- B. Staff Report / Applicant testimony
- C. Open Public Testimony
- D. Close Hearing

1. 01ZC-23 OR 97 Investments

a. Hearing

Chair Myers opened the hearing and let staff outline the hearing procedures. Principal Planner Bybee went through the hearing procedures. He then explained the continuance request and highlighted the reasons why staff was recommending the request. Those factors included:

1. Staff did not meet the 35-day PAPA notice deadline which is required with legislative actions including this zone change.
2. Comments were received by the City's contract engineer that require further coordination with the applicant. The comments included concerns regarding traffic impacts.
3. The Department of Land Conservation and Development (DLCD) raised specific statute criteria questions and comments, many of which the applicant would like more time to address.

Staff have no concerns with the continuance request. During this time the record will remain open, and all comments can be submitted to Principal Planner Bybee by email (bbybee@lapineoregon.gov). The comments must be received by 5:00 p.m. on the date of the hearing.

Vice Chair Poteet made a motion to continue the hearing to a date and time certain, June 19th, 2024, 5:30 pm at La Pine city hall. *Commissioner Hatfield seconded the motion and there was no further discussion.* The motion passed unanimously.

The hearing will be continued to the Planning Commission meeting on June 19, 2024, at 5:30 pm. Chair Myers closed the public hearing.

OLD BUSINESS

1. None

NEW BUSINESS

1. Long Range Planning Update (Discussion Only)

Principal Planner Bybee gave an update on the long-range planning efforts that are occurring. Staff is working on La Pine 2045 and the first in person SAC/TAC meeting will be May 21st, 2024, at 2:00 p.m. and then later that evening there will be a Community Summit which anyone is welcome to join. He asked the Commissioners to help spread the word of the event.

He stated that he was interviewed by KPOV, which is a radio station in Bend, to discuss the comprehensive plan update process and other long-range items that the City is working on. He will likely go back in the fall to report on the progress the City has made.

He said on Friday he will be presenting at the Chamber of Commerce breakfast and will present the results of the La Pine 2045 Visioning Process as well as information on the Community Summit.

He informed the Commission that he will be at the annual Midstate Electric meeting to discuss the La Pine 2045 efforts. He listed several events that staff will attend over the summer in an attempt to get the community involved.

The City submitted a signed Memorandum of Agreement (MOA) with Community Planning Assistance for Wildfire (CPAW) and their team will be reaching on with next steps shortly.

The deadline to apply for the Transportation and Growth Management Program (TGM) grant is coming up, and City staff will be coordinating with 3J. The City is hoping to use the money from this grant to

update our entire Transportation System Plan (TSP) which is a large undertaking. In talking with ODOT, the City has some tough competition, including Wasco County, City of the Dalles, and City of Redmond. ODOT and DLCD will only be choosing one jurisdiction in our region. If we do get funded it would potentially cover the entire costs of a TSP update.

Vice Chair Poteet had a question about what the work with CPAW will produce, specifically he had concerns regarding the effect it may have on homeowners' insurance as many in the community have been dropped due to recent State mapping. Principal Planner Bybee explained that the MOU will help identify ways that we can utilize the code to better protect development against wildfire and they will be recommendations not requirements.

2. Administrative Land Use Application Update (Discussion Only)

Associate Planner Vickers gave the administrative land use application update. There were three partition applications that were sent out and approved last week. There are currently 5 Type 2 applications in the queue, 3 lot line adjustments, one sign permit, and one final plat review for a 23-lot subdivision south of Finley Butte park. There are currently 11 Type 2 applications in the queue, 3 partitions, 2 subdivisions, 1 zone change, and 5 site plan reviews. Staff reiterated that files that have been deemed complete are posted on the City's website.

OTHER MATTERS

None.

PUBLIC COMMENTS

There were no public comments.

STAFF AND COMMITTEE COMMENTS

There were no comments from the Staff nor the Committee.

ADJOURN

Chair Myers closed the meeting at 6:04 p.m.

Pursuant to ORS 192.640: This notice includes a list of the principal subjects anticipated to be considered or discussed at the above-referenced meeting. This notice does not limit the ability of the Planning Commission.
